MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science and Technology

SUBJECT : 100 Universities Program

1. Last fall, because of the press of other commitments, the "100 Universities Program," which has become a regular part of our annual campus recruitment effort and in which a number of your senior officers participate, was postponed until this spring.
2. The Director of Personnel is now proposing in the attached memorandum that the "100 Universities Program" be postponed indefinitely and a task force be established to consider our future conduct of university relationships. Before this proposal goes forward, I would like an opportunity to discuss it with you or a senior member of your staff so the Executive Director-Comptroller can have the benefit of our combined reactions.
3. If you will let me know who will represent you, I will try to arrange a convenient time to get together, preferably within the next four or five days.
